

## **Milligan Conducts Multidisciplinary Workshop at Maharakham University in Thailand**

International author and advocate Gregg Tyler Milligan conducted an all-day workshop Saturday, September 13, 2014 from 9:00 am - 3:00 pm, at Maharakham University in Northern Thailand. Milligan presented to faculty and students at the international baccalaureate, masters, and doctoral levels during the workshop as well as professionals from several fields of work.

Milligan covered the progression of his work through his three book releases. The story shared is a common thread within us all - the spirit of perseverance brought to life through education and compassion.

His latest book, *Landscapes of the Heart - A Survivor's Guide* brings together all points of light in a culmination of insight and guidance gained over years of experience combined with research.

Milligan concluded the workshop with a two-hour Q&A session, and received a standing ovation from the audience. He was honored by the university with a handmade clock with the Mahasarakham University seal and recognized with a golden embossed certificate by the Head of the Department of Educational Psychology and Guidance, Faculty of Education, Araya Piyakun, PHD.
